PHOTOS OF INTEREST

Bringing Santa to town in September, a Labor Day parade attraction holds its appeal this weekend as a dinner fundraiser for Black Diamond's "Hometown Christmas," a December event. ~By D'Ann Tedford, Voice of

Damage to the granite benches, flag pole and jail from an early morning auto accident.

Continued from front page

Important items for the food bank include:

Instant oatmeal, canned chili, stew, canned fruit, spaghetti sauce, peanut butter, jelly, pasta, boxed mac & cheese.

Thank you!!

PRESIDENTS MESSAGE: FALL 2018

Artist Robert Dobson

will be having an art show at the museum during our October membership meeting on Sunday Oct. 21 from 1pm to 3pm. Bob has been showing his photo art work on Facebook each Tuesday to great reviews. He has been the Historical Societies photographer for many years as well as being a trusted historian. Come by and talk with him about his love of cameras. He has nothing for

A MESSAGE from the PRESIDENT

KEITH
WATSON

sale just plain love for what he does.

Local Historian Ken Jensen

has moved from Black Diamond to Arizona and continues to support the historical society with his historical entries on Facebook and his wonderful blog on the internet. You want to find out something about Black Diamond or surrounding areas turn to Facebook and his blog at: www.blackdiamondhistory.wordpress.com

Local Historian Craig Goodwin

has been named Black Diamonds citizen of the year 2018 – congratulations Craig - he is a photographer and historian who posts on Facebook and has a blog on the internet that features many local subjects and interesting historical events and photos. His blog is:

www.blackdiamondnow.org

Hello King County 4Culture

The museum has applied for and received sustaining grants from King County 4Culture as well as grants for combined equipment for the historical museum building. They also fund non-profit artistic organizations, public art, preservation, heritage projects, and more. 4Culture of King County will be in the museum on Oct. 16th from 10 am to 1pm with their Hello Project, that is open to the public, answering questions about their programs of funding and support. You are welcome to stop by and have some coffee and ask their representatives about what they can do to help you. Check them out on Facebook and their Web page.

Flag Pole/ Granite Bench Accident

Can you imagine a car, at 5 in the morning, coming north on Railroad Avenue from the Bakery towards the museum with the driver falling asleep and hitting the museum's railroad ties becoming airborne and crashing into our flag pole. The accident did happen and totaled the car, bent the flag pole, and demolished two of our granite memorial benches. A fix is in the works.

Mira Hoke Mural

is finished and beautiful featuring coal mine #11, a portion of Railroad Avenue that burned to the ground in 1913, and the Pacific

Coast Railroad locomotive at the depot. She is so talented and has helped the community in so many ways. Thanks Mira

Painting of locomotive

The locomotive has been pressure washed and readied for painting. Its been 8 years since it was last painted and our volunteers have been working on the prep work. Thanks to Dennis Richardson, Mike Chilcott, and Gomer Evans for all the hard work.

Miners Day event

was chaired by Tori Ammons replacing retiring Frank Rinehart who chaired the committee for over ten years. Good job by all the volunteers and actors making this a very special day. Featured was a vintage clothing fashion show, a puppet show, donut eating contest, photo booth, kids creation booth run by the community Center, great food from the Bakery, Smoke House & More, and the Deli. The food was the best.

Labor Day Parade

was great again his year with the museum firetruck with Mike Androsko driving and running the siren. We also had Santa and Mrs. Clause riding a float promoting the Hometown Christmas and the Spaghetti feed Dinner & Dance fundraiser. Sherrie Evans is the Hometown Christmas committee chair and is doing a bang-up job

along with her very able volunteers. A photo of the float was printed on the front page of the Voice of the Valley newspaper. Gomer Evans was the captain of the Green

BDHS DESIGN & UPGRADE SERIES #2

BY DEE ISRAEL. DESIGN TEAM COORDINATOR & BOB DOBSON PHOTOGRAPHER

In this 2nd Newsletter Design Series, I would like to show you the two rooms that have been added to the basement. They were build by volunteer member Steve Israel and now house the Barber Shop and

School Room that were previously located on the main floor. We have had many guests proclaim how much they like these new displays.

Also during this Series #2 time, we gathered our tele-

phone phone booth, switch board & telephone together into a centrally located display in the basement. We would love for you to come visit .

Presidents Message

Cont. from Page 2

and made sure it ran well. Way to go you wonderful volunteers who also had a booth on the grounds of the school with fund raising raffle gift baskets for the Hometown Christmas. Judy Watson was especially good at getting attendees to visit the booth by using an electronic megaphone.

in Esping as Civil Servant of the year, Rainbow Girls as Community

River Queen and made sure it ran well. Way to go you wonderful volunteers who also had a booth on the grounds of the school with fund raising raffle gift baskets for the Hometown Christmas. Judy Watson was especially good at getting attendees to visit the booth by using an electronic megaphone. The Labor Day Honorees were our own Dee Israel as Grand Marshal of the parade. Craig Goodwin as Citizen of the Year, Kevin

Service Group of the year, Frank Rinehart as Individual Community Service of the year, and Keith Hutchison as Business of the year. Congratulations to deserved honorees.

Labor Day was very well attended and the weather was cooperating. The Eagles had their famous Car Show across the street from the museum and its my understanding there were 236 show cars. The museum was opened on Labor Day with many attendees. It was fun thanks to all the volunteers who really made the difference. Melissa Olglesbee was chair of the Labor Day committee and did her usual great job. Thanks to all the volunteers who made this celebration possible.

Hometown Christmas

will be celebrating its 5th year of activities for the kids and their families. It will be held on Dec. 8th

from 10 to 4 on Railroad Avenue. The arrival of Santa on the historic firetruck will start the event with Mrs. Clause and Frosty the Snowman for photo opportunities. Everything is free for the kids to decorate cookies at the bakery, to have candied popcorn, go on a hay ride, build their own wreaths, art projects, and a lot more.

Watering System Improvements

to keep us green was enlarged to cover more plants and grass. Thanks to volunteers Jim O'Rourke, Dennis Richardson, Mike Chilcott, and Gomer Evans. Thanks Guys!

Museum Improvements

will be very visible when you come to the October General Membership Meeting. The Design Committee chaired by Dee Israel and her great volunteers have made many im-

BRUCKNER'S HOME (1939)

BY BILL KOMBOL

This log-style dwelling once stood at the current site of Eagle Creek Park in the Morganville section of Black Diamond, located at 23902 Roberts Drive. The home, owned by Warren W. Bruckner for more than 40 years, was built during a bitter lockout and strike between union workers and Pacific Coast Coal Company.

Morganville was established in 1921 when 200 cheaply-built houses were constructed on 20 acres donated to striking miners by Tim Morgan. Known as the Morganville Addition, only about 40 of those homes still remain.

Bruckner purchased the home, plus 13.5 acres, for \$950 in 1955. A 12-foot x 24-foot log-style barn also existed on site.

Bruckner was born in Washington State in 1914 and married Lyolia

in Enumclaw.

Following his death, the Black Diamond Historical Society attempted to save the building, but its condition was too deteriorated. A 1997 news story incorrectly portrayed this log home as the old confectioner's shop. The home was demolished circa 2006.

The property was platted in 2007 as the Eagle Creek housing development. Fittingly, two of the streets in Eagle Creek are named Bruckners Way and Bruckners Court in tribute to the site's long-time owner. *This November 29, 1939, King County Assessor photo of tax lot 152106-9047 comes courtesy of the Puget Sound Regional Archives.* [Note: this photo and caption information was featured in the August 21, 2018 issue of the Voice of the Valley, in the column When Coal Was King.]

The log siding to Bruckner's home may have come from timber cut on the original 33-acre lot. The logs were likely part of a façade when side-wing porches were later added. When constructed there were only dirt floors throughout—indoor plumbing wasn't added until 1948.

Mihalos in 1937. He enlisted in the Army in December 1941, shortly after the United States entered World War II. A daughter, Marianne Benner Bruckner, died at age eight in 1945. After a divorce, he married Margaret Jean Marquette. Warren died in October 1996 and is buried at the Evergreen Cemetery

PLAQUE DEDICATION TO FRANKLIN MINE

BY KEITH WATSON

The coal mining town site of Franklin has been a favorite place to tour by the Black Diamond museum for over 40 years. Don Mason, Franklins Mayor, is director of these tours.

Yes, the site is called a ghost town by some but for me it is an enchanting place where as kids we hiked down from Franklin to the Green River Gorge River to swim and fish. When Franklin was alive with over 1000 residents; I imagine their kids did the same thing.

A group named E Clampus Vitus, Doc Maynard Chapter 5440, has placed a plaque at the entrance of Franklin that was dedicated on Friday September 14, 2018 by them and some of the members of the Black Diamond Historical Society. It was placed there on Palmer Coking Coal property with the manager of that firm, Bill Kombol, looking on. If you get a chance you might take a trip to Franklin and locate the plaque that is just past the yellow gate.

Additional photos on page 9

Obituaries

Joan Marie Malgarini
August 14, 1938 - July 13, 2018

Joan Marie (Nachtsheim) Malgarini was born on August 14, 1938 in Selz, North Dakota and passed away on July 13, 2018 in Enumclaw, Washington. Joan was the last living and youngest

of eight children born to John and Mary Nachtsheim.

Joan moved with her family to Enumclaw in 1943 and has been a proud resident since. She graduated from Enumclaw High School in 1956. In 1961 Joan married Donald Larry Malgarini of Black Diamond. Don and Joan built a loving home on the plateau where they lived until Don's death in 2017.

Joan lived a life of service. She volunteered for PTA, Camp Fire, Sacred Heart Catholic Church, Enumclaw Foundation, Enumclaw Swim Team and the Black Diamond museum. She enjoyed the museum and especially the time being a host or docent and sharing all of the fun facts about the museum with the visitors. She was a reading instructor for adults through a community program. If anyone ever needed a helping hand, Joan was the first one to step up.

Once her children were older Joan worked for Dependable Truck Lines, Greenbaum Furniture and retired from Boeing in 2005.

Joan will be missed by her children, Dahni (Pete Logar), Mary (Scott Peterson), Mike (Bonnie) and most of all her grandchildren whom she was so proud of: Peter (Jen), Jake, Sam, Don, Marissa, Mia, Gunar, Joey and Abbey and great grandson Declan.

Donations in Joan's name may be made to Plateau Outreach Ministries, P.O. Box 391, Enumclaw, WA 98022 or to Black Diamond Historical Society, P.O. Box 232, Black Diamond, WA. 98010

Richard 'Dick' Hoyt
1942 - 2018

Richard 'Dick' Hoyt passed away July 10, 2018. He was born at Maynard Hospital in Seattle, the only child of Harold 'Jiggs' and Doris (Bunstine) Hoyt.

Dick grew up in Renton and graduated from Renton High School in 1960. He continued his education at Western Washington State College (now WWU).

The Hoyt family had a long tradition of working in the transportation fields. Dick's grandfather, James Hoyt, was a railroad engineer for nearly 60 years and retired in 1936 from the Pacific Coast Railroad, serving the Black Diamond to Maple Valley run for several years. Dick's father, Jiggs, owned and operated Hoyt's Richfield in Skyway and later authored several local history books, including *The Fire Districts of King County*.

Following in their footsteps, Dick joined Northwest Airlines in 1966 as a Passenger Service Agent. He retired in July 2000, having spent his 33 years of service at SeaTac Airport.

Retirement found Dick volunteering, gardening, and enjoying drives in his corvette convertible. A favorite trip was to Black Diamond to enjoy a sweet treat from the Black Diamond Bakery & a visit to the Black Diamond Historical Society, of which he had been a member for 36 years. He is missed terribly by his wife of 36 years, Lori Bowman-Hoyt and daughter Brooke Hoyt.

Gino Picini
May 3, 1922 - August 7, 2018

Gino Picini was born in Morganville, WA and passed away in Tuscon, AZ.

At a young age, Gino discovered a love for music, especially the accordion. He liked to hike and explore the outdoors and was an expert mechanic.

He enjoyed photography, cars, and baseball as well.

Gino served in World War II from 1942 to 1945, working as a radio operator.

Sometime after returning home *Continued on next page*

from the war, Gino began attending Hope Gospel Hall, where he met Florence Ruth Knight. They were married in 1950. Gino and Ruth raised four children together – Carol, Jane, Nancy, and John. Gino & Ruth were married for 57 years, until Ruth passed away in 2007.

For most of his working years, Gino was employed in the heating industry, he even owned and operated his own business called Commercial Heating Maintenance for a time. His interest in mechanics transferred into his personal life as well. He would buy old cars, fix them and resell them. Science & mechanics magazines covered his coffee table at home. He adopted WebTV long before Smart TV's were common.

Gino retired in 1984. His retirement years were anything but dull as he continued to be involved in church, foster new friendships, travel, and serve others. He was a member of the Northwest Accordion Society, and would invite friends and family to go to accordion nights and festivals with him. He would play polka records in the dining room, or pull out his own accordion or harmonica and play for guests.

Later in life, he served on the board of directors for Lakeside Bible Camp and the Black Diamond Historical Society. He was a member of BDHS for 35 years, helping out where he could with maintenance as well as entertaining with his accordion, harmonica & his knowledge of history. His son John said that Black Diamond was in his Dads DNA.

In 2015, Gino married Hilda Grob, a friend of the family. For his last few years, Gino and Hilda lived in Tucson, Arizona together. They would often visit friends & family in Washington, Oregon, Mexico or Florida.

Gino passed away in his home in Tucson, Arizona on August 7, 2018.

He is preceded by his parents, Tom and Concelia; his first wife, Ruth and his daughter, Nancy. He is survived by his wife, Hilda; his daughters, Carol (Mark) and Jane (Eli); his son, John (Joy); and his many grandchildren and great-grandchildren.

We are going to miss Gino and his example of compassion, generosity, and godliness to his family and friends.

Donations in Gino's name would be much appreciated, and may be made to Black Diamond Historical Society (BDHS) P.O. Box 232, Black Diamond, WA 98010 or Lakeside Bible Camp.

Presidents Message

Continued from page 4

provements with displays and rearranging display cases and photos. They have been working on this project for over two years and the improvement is fantastic.

Docent team Nancy and Clayton Mead

have been docents at the museum for many years. They blend good personalities with their knowledge of history as greeters and doers at the museum. Clayton was treasurer of the historical society for many years and Nancy has provided deserts for the worker bees for many a meal and special events. If you see either one of these special people please thank them for their hard

work and dedication.

Lot's of history and info Go to google, type in black diamond museum, go to links at top of page and you will see over 2 dozen links

to very interesting web sights.

We wish you a happy fall season and thank you for all your support.

*Keith Watson,
BDHS President*

BART MCNUTLY

THE BLACK DIAMOND HISTORICAL SOCIETY PRESENTS

BART MCNUTLY'S "HIDDEN TREASURES OF THE PAST"

Bart McNutly hid several items in the museum as he passed through town. During Miners Day in July, Bart comes into town for the festivities and hides priceless and historical treasures he took from unsuspecting people. He hides these in the museum and the museum needs your help finding them.
